Family Room

This six year old home sits on a corner lot with post and rail fencing. Extra footage was added to the three bedrooms during construction for a total of 1782 s.f. of living space. White custom cabinets, ceramic tile floor, a large skylight and Corian countertops create a beautiful kitchen. Appliances include a gas range, new microwave, dishwasher and refrigerator. The family room features a gas fireplace and solid hardwood floors that continue through the living room, dining room, hall and three bedrooms. The master bath has a large soaking tub, separate shower, skylight and both baths have Corian countertops.

Other features include wiring for surround sound and satellite, a rear door in the utility room, washer, dryer, a new tank less hot water system, custom wood blinds, recessed lighting, marble sills, built-in wall units and fresh paint throughout. The 2-car garage is dry walled and insulated. Central air and irrigation systems are included.

Start enjoying the lifestyle Oak Point has to offer. Call our Sales Office at 508-923-0002 for an appointment.
