Family Room w/gas fireplace

This 1,836 square foot four year old home sits on a beautiful lot with a wooded back yard. You will love the privacy of this enclosed porch and the tumble stone patio. The kitchen boasts oak raised panel cabinets along with a unique stone backsplash and shuttered windows. Appliances included are the gas range, refrigerator, microwave, dishwasher and disposal. An open floor plan in the living room and dining room flows into the family room accented with a gas fireplace. The master bedroom suite features ample closet space and a whirlpool tub with separate shower. The second bedroom also has a walk in closet and makes a perfect guest room or office.

Additional features include cabinet storage and sink in the utility room, a two car insulated garage with pull down stairs, an attached storage shed, central air and an irrigation system.

Call 508-923-0002 for an appointment today. Sales and Information Center open daily from 10 – 5. Live like you're on vacation everyday, you deserve it!
